Criticised Main Street Sidewalks.

Stephen Litchfield of Brunswick, who made the survey for the sewer was in town last week as a witness in the Frost vs. Kerr suit.

In examining the new sidewalk recently put in he expressed a surprise that the street grade had been ignored and called attention to some glaring faults that could easily been remedied had the plans he made been consulted and followed.

He said "street slaws and grades on paper amount to nothing unless used." When the proposed permanent Main street is put in then the consistences of the present sidewalk will be more prominent and will require rebuilding or a modification of the plans.

Lived in Norway.

George F. Stackpole of Riverhead, N. Y., the anthrax victim about whose case so much has been said in the papers lived when a boy in Norway and attended Norway's schools. He was attacked with anthrax, a disease common to cattle but rather unusual in human beings.

Physicians watched the case closely to observe the effect of the antitoxin, for it was the first time the newly discovered serum had been used in the treatment of man, although it has proved successful in animals. In all 150 cubic centimeters were injected in three or more periods. Following the third injection the swelling of the neck, which had increased alarmingly, was checked, the patient's temperature declined and marked improvement was shown, so much so that the attending physicians reached the conclusion that the cricis of the disease had been passed and that Mr. Stackpole would recover, but his age, 71 years, caused the disease to attack the heart, resulting in death.

Mr. Stackpole also attended the Bridgton and Fryeburg Academies, Farmington Normal school and Dartmouth college. He was principal of the High school and afterwards a successful lawyer.

He recently met tnese two and renewed the early days. It is the first time he has met Prof. Verrill since their Greenwood school days.

OCTOBER TERM OF COURT.

The pauper case between the towns of Rumford vs Upton came to an abrupt ending Thursday morning. Considerable evidence had been heard on the defense when an agreement of settlement by both parties was reached and the jurors who were serving on the case were excused.

The case for Thursday morning, Theophilus Judkins vs. Charles F. Brackett for the alienation of his wife's affections did not come to trial as a settlement was reached before the time for trial. Frederick Dyer was counsel for the plaintiff and A. J. Stearns for the defendant.

Edgar R. Briggs of Rumford plead guilty to single sale and paid a fine of $50 and costs amounting to $15. To another charge of nuisance he plead not guilty, afterwards plead guilty and on payment of fines was discharged.

The suit is for a balance of $199 claimed by the plaintiff for his services as superintendent, this being the difference between four dollars a day, which he had already been paid, and five dollars and a half a day, which he declared to be a fair and reasonable rate for his services. A considerable mass of testimony was presented regarding Mr. Frost's work on the job, and as to whether or not it was worth more than the four dollars per day which had been paid; and as the case went slowly, it took more than the day Friday, and the charge of Judge Hanson to the jury was not given until Saturday morning.

After being out an hour and a half, the jury returned a verdict for the plaintiff, in the sum of $49.

The Grand jury reported as follows:

Charles Seymour, larcency.
Frank Salivio and Ernest Lemay, breaking and entering and larceny, two indictments.
Edwin E. Howe, issuing check to defraud, two indictments.
Lawrence Lavorgna, nuisance, two indictments.
Albert Paradis, nuisance.
Joseph Paradis, operating motor vehicle while intoxicated.
Frank Romano, nuisance.
Albert St. Pierre, breaking and entering and larceny.
George Sparks, forgery.
Jerry O'Connor, nuisance.
Fred LeClair, nuisance.
Eddie Foley, nuisance.
Peter Arden, nuisance.
Alex Riel, assault.
Pietro Arden, keeping house of ill fame.
Cesper Barnis, nuisance.
Steve Moskus, nuisance.
John Conrad, nuisance.
Louis Cohen, nuisance.
George W. Shattuck, assault on officer.
Eddie Casey, nuisance.
Philip Theriault, deserting wife.
Hector Fortier, larceny from the person.
Ed. H. Peters, nuisance.
Joseph Brideau and Arthur Fisher, larceny.
Charles Memont and Ernest Orino, breaking and entering.
Chester Williams, breaking and entering and larceny.
Benedicto Penezero, nuisance.
Daniel McCafferty, nuisance.
James Caliendo, nuisance.
Anton Maswk, pretending to be a priest with intent to defraud.
Washaw Lorinaitis, assault.
Mose Leflamme, single sale.
John Stanislaus, assault.
Lillian Ramsey and Joe Skerry, adultery.

Besides the indictments, a large number of appealed cases have been entered on the criminal docket. Most of them are against the parties indicted. The following are against other parties:

John Wiskont and Steve Moskus, applts. keeping and depositing.
Ernest Banker, applt., illegal transportation.
Frank Goodwin, applt., illegal transportation.
Francis Tibbetts, applt., illegal transportation.
James McArthur, applt., illegal transportation.
Amos Roberts, applt., illegal transportation
Paul Procopio, applt., nuisance.
Willis Ladd, applt., keeping and depositing.
Eliza Newell, applt., assault.

Charles Seymour of Rumford was arraigned for the larceny of a watch and forty dollars in money, on the 27th of March, 1915. He pleaded not guilty.

Frank Salivio of Boston and Ernest Lemay of Manchester, N. H., were arraigned on an indictment for breaking and entering a dwelling house at Gilead, and larceny, on the 3d of July 1915. Both pleaded guilt, and another indictment against the same parties was not pressed on motion of County Attorney Beliveau.

Albert St. Pierre of Rumford, charged with breaking and entering the dwelling house of Jesse Ladd at Mexico in the daytime of the 16th of December, 1915, pleaded guilty.

George Sparks of Newport, R. I., pleaded not guilty to an indictment for forgery of a bank check at Norway on the 16th of August, 1915.

Alex Riel of Mexico pleaded not guilty to an indictment charging assault on Charles Smith on the 18th of August, 1915.

George W. Shattuck of Fryeburg pleaded not guilty to an indictment charging assault upon Corridon T. Shortridge, a deputy sheriff, at Fryeburg, on the 7th of October, 1915.

Joseph Brideau and Arthur Fisher, both of Rumford, pleaded guilty to the larceny of a graphophone on the 4th of August.

Chester Williams of Peru pleaded not guilty to an indictment charging him with breaking and entering and larceny in the night time at the house of William Phinney in Peru.

Anton Maswk of Rumford, indicted for falsely pretending to be a priest and thereby securing one dollar for alleged charitable purposes from a Polish woman, pleaded guilty through an interpreter.

Charles Howard of Peru pleaded not guilty to an indictment for single sale of liquor at Peru.

Bail was defaulted in cases against Albert Paradis, Ed H. Peters and Daniel McCafferty.

Louis Cohen of Rumford was placed on trial in a case appealed from the Rumford Falls Municipal Court, alleging the sale of three bottles of beer to George H. Bunker on the 5th of June, 1915. County Attorney Beliveau for the state; Stevenson and Hutchins for the defense.

It was agreed by the attorneys, to save time, that the beer had been analyzed by Professor Cram of Brunswick, and found to contain over four per cent of alcohol.

Bunker is a "spotter" from the Sherman Detective Agency of Boston, whose business in Rumford it was to buy liquor. He testified that he arrived in Rumford at about noon of Saturday, June 5, and that at 9:15 in the evening of that day he bought the three bottles of beer of Cohen at his bottling house.

Her Eighth Birthday.

A merry party of schoolmates and little friends attended a party given by Dorothy Goodwin on October 16 in honor of her eighth birthday.

Games and songs made the time seem all too short. A nice treat of candy, popcorn, peanuts and cake were served by Mrs. Goodwin assisted by the older girls.

Dorothy received a number of nice presents, among them a set of child's dishes from her mother, handkerchiefs, cards and ribbons from others.

The children enjoyed themselves and gave joy to the-on-lookers. Those present were: Katherine Drake, Beatrice Drake, Ruth Crockett, Uldene Bennett, Zilpha Bicknell, Frances Moore, Madeline Records, Maywood Records, Virginia Tubbs, Adeline Klain, Nellie Glines, Martha Cushman, Eddie Emerson, Mary Gibson, Eva Murch, Beatrice Perry, Bessie Block, Mona Reed, Kenneth Goodwin, Nilia Perry, Jennie Block and Dorothy Goodwin.

Grange Fair.

The Norway Grange fair is in progress at the Grange hall. The fair opened on Wednesday afternoon in the upper hall where the tables were filled with articles. The tables were decorated in colored crepe paper, pink, white, green and red being among the colors, and a few autumn leaves added to the effectiveness. There were six tables, bundle, fancy, vegetable, ice cream, apron and candy tables and each one sold a good quantity of goods.

Wednesday evening at 6:30 a fine chicken pie supper was served in the dining hall, by the ladies of the grange. The tables were filled at the appointed supper hour. The waitresses were the young ladies of the grange. The menu included, chicken pie, hot potato, turnip, salads, pastry and hot coffee.

After the supper chairs were filled in the center of the upper hall and a large number remained for the entertainment which included victrola selections, a violin and piano selection by Azola and Esther Pike, a reading by Mrs. Will Young. The Dunham Minstrels brought a hearty applause. The scene was in a cornfield in the autumn and the minstrels were: A. M. Dunham, Nathan Noble, Ethelyn, Rosie and Cherry Noble. all in costume and rendered plantation songs. A song was rendered by Elon Brown with Mrs. Brown, accompanist. Arthur Buck gave a reading in costume of Uncle Josh, learning to ride a bicycle.

The farce entitled, "A local telephone" was an interesting part of the program. The new bride, Mrs. Eva R. Richardson, under the name of Mrs. Lena Roberts had a hired girl, just plain Mary, the cook, Mrs. Eva Jackson, and she was to entertain and set Mary telephoning the order for the extras and for the guests who mixed the numbers and the orders which brought the happy reunion of the engagement of Azola Clarence.

The sale continued through Thursday. after which a Hallowe'en social will make up the evenings amusement and will be followed by a dance.

"Home" is an enlarged picture taken some distance at the rear of Freeland Howe's residence on Pleasant street at one side of the Cole orchard. NO TROUBLE SINCE

Mrs. Walker's Statement is most Convincing Evidence.

When Mrs. Walker endorsed Doan's Kidney Pills she told of having received complete relief. Now Mrs. Walker tells how years have passed without any return of kidney trouble. Results that last are results that count. Norway people should gain by Mrs. Walker's experience.

Mrs. Persis A. Walker, Cottage St., Norway, says: "I felt badly and all symptoms pointed to kidney disorders. As my kidney were weak, I got Doan's Kidney Pills at Stone's Drug Store. In a very short time they improved the condition of my kidneys very much."

Over two years later, Mrs. Walker said: "My system has remained free from kidney trouble since I used Doan's Kidney Pills."

ESTELLE.

Estelle,—a star! Of brightest ray serene
The light within thy soul is not unseen—
The brightness of thy countenance oft lends
It's glad reflection to the hearts of friends
Of thine Estelle, and helps them to renew
Their joy in life, their hope, their courage, too.

Tell me the secret of thy joyous heart:
The dauntless strength that you possess impart
To me, dear friend, that I may have more light
Upon my path, and make it seem more bright.
I fain would know the methods you employ
To bring such gladness, loving mirth and joy.

When passing through the clouds, as oft you must,
Serene and bright, you keep your perfect trust.
Steadfast, you gaze ahead—with tones of cheer
You bid the clouds and vapors disappear.
The world hath need of more like thee Estelle.
Tell me thy secret, help me do as well.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

KEZAR FALLS.

The foliage of the forests between here and Bretton Woods is a sight well worth seeing; last Sunday their beauty and rich coloring were at their height, and the day being all that an October day should be, they were viewed by hundreds of people who had traveled far to feast their eyes upon their loveliness. The New Hompshire roads are delightful to travel upon being hard and smooth, often with trees growing on either side, their branches interlacing overhead forming most beautiful archways, sometimes for quite long distances while between the tree trunks glimpses of lake and river adorn the landscape with jeweled splendor. Many autos were in evidence with a rush and whirr while others were drawn up by the road side their erst while occupants seated in picturesque groups, busy in disposing of the contents of lunchbaskets and asuaging their thirst at some nearby spring. Given a bountiful day, delightful scenery, a genial well mannered people, "Mine own people", war and its alarms seem ingly far distant, life is indeed well worth living.

WATCH IRRITABLE CHILDREN!
That fever, paleness, grinding of teeth while asleep and coated tongue are indications that your child has worms in its system. Kickapoo Worm Killer quickly gets rid of these parasites. It is perfectly safe for even the most delicate children. It is pleasant to take, has three effective medicinal qualities:—acts as a laxative, expels the worms, and tones up the system. Begin treatment to-day and eliminate the cause of irritableness. 25c.

Hebron 48-0

In a game which both teams showed much offensive strength, Hebron Academy defeated Bowdoin Second, Saturday 48 to 0. The big score does not indicate the strength of the Bowdoin team which played a much better game than the result showed, several times threatening to cross the Hebron goal line only to fumble and lose the ball on each chance.

Hebron's success was due mainly to her fine work with the forward executing six successful tries for a total distance of 190 yards. The feature play of the game being one that netted 50 yards, Jordan to Leclair. In the last of the second period Jordan, the big Hebron captain kicked a goal from placement from the 35 yard line. For Hebron the work of Jordan and Shoemaker was prominent while for Bowdoin Second Johnny Kern, a Portland lad and brother of the well know former Bowdoin full back "Farmer" Kern played a wonderful game defensively and stopped many of Hebron's plays. The summary:

HEBRON		BOWDOIN SECOND
LeClair, le	re,	Holbrook

She Will Recover

So her doctor said. Her friends and neighbors felt sure of it too. They have used Peruna themselves and know of its merits. That old cough that had worried her for years and years, for which she had taken all sorts of cough medicines, has disappeared. Peruna is doing the work. She will recover. Indeed, she has recovered.

Her name is Mrs. William Hohmann, 2764 Lincoln Ave., Chicago, Ills. She had suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. As she got older she grew worse. She coughed both winter and summer. Had to sit up at night. Could not sleep. "But all that has left me now. Peruna has cured me."

There are others, and there is a reason.

Rich Cloth Upholstery

Like many high priced cars the 1916 Overland, Model 83, is upholstered in cloth.

This finely-woven, worsted material has many advantages that make it preferable to imitation or split-leather, such as is used on cars of similar price.

Cloth is more comfortable—cooler in summer and warmer in winter—and it does not wear slippery.

There is no surface coloring matter to come off and mar light clothing. It makes slip-covers unnecessary.

The rich appearance of this dark grey striped cloth is set off to advantage by black leather trimming, used around the tops of the seat [illegible] and around the edges of the door[illegible]

And it retains its rich appearance indefinitely, for unlike leather it will not crack or peel. And being dyed in the wool it will not fade or change color.

A light brushing will remove dust from its smooth surface, and soapy water will take out grease or oil spots.

In wearing quality this Overland cloth has every advantage as an upholstering material. The [illegible] side is waterproofed by special process. It is the sort of upholstery you will want in your new automobile.

Edward Ela of Fryeburg, who was employed on the cement crusher at the dam being built by N. P. Fox had the misfortune to so crush two of the fingers on his right hand that they had to be amputated at the first joint. He was taken to his home in Fryeburg.

HUNTER'S SAFETY FIRST.

A well known sportsman says that before starting on his shooting trip he prepared a safety first card for the members of his party, which read as follows:

Remember—The other fellow is probably dressed in brown or gray or black and may be creeping. Put on your red coat before leaving camp. No loaded gun lying around camp. Don't go into the thickets. Don't crawl or creep. Make sure his horns are full four inches, then you won't hit a man, nor will you have to pay a fine. Be sure you see and know what you aim at. Better carry home disappointment than a wounded man.

Carry with you when leaving camp:

1. Matches in waterproof box.
2. Compass.
3. Hatchet and knife.
4. String or fishline.
5. Lunch, including tea.
6. Cup; cook kit if you wish.
7. Rifle and cartridges and whatever else you wish. Don't use all your matches for your pipe.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Here's New Vigor For Overworked Stomachs

The Noyes Drug Store, the popular drug store, have been in the drug business long enough to have their own opinion of the best way of selling medicines. They say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they have ever heard of. They don't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with the Noyes Drug Co., and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell them so and they will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward. Use Mi-o-na and see how much more there is in life. 42-43

Mad at Paint

25c a gallon for paint is about $2.50 on the average job, and lots of men waited last year for that; but they didn't reckon; they got mad; wouldn't pay it.

There are times to get mad and refuse to pay; but when one's property needs protecting is no time to get mad and not paint.

Besides, it costs more to get mad and wait than to paint.

Getting mad doesn't do any good to your property; paint does it good by keeping-out water; no water no rot; no paint, some water and rot; and a little rot is more than enough to make a man liberal towards his painter and paint.

Paint costs not a cent. All the paint in the world, so long as it keeps-out water, costs not a cent.

MAINE BOYS' SWEET CORN CLUB.

Memebers Should Plow Now.

The boys interested in growing sweet corn for 1916, should prepare their one-quarter acre plot this fall. The plot should be located on an elevation to afford good air drainage, thereby preventing late and early frosts.

The soil should be well drained, preferably sandy loam having a good subsoil that does not allow too much leaching. Barnyard manure should be applied at the rate of three to five spreader or dump cart loads to the plot and plowed under to a depth of six or eight inches according to the depth of the surface soil. Do not plow more than one-half inch deeper than the land was plowed before.

If there is danger of washing, furrows should be plowed from a point in the middle of, and eight or ten feet above the upper end and extend down to and along the sides of the plot. These furrows should be turned in towards the plot. Washing to any degree will be prevented by this means.

Fall plowed land will absorb more moisture and will be in better condition for corn than land plowed in the spring. Manure applied in the fall and plowed in has a chance to decompose, making the plant food available to the crop. Manure applied in the spring is likely not to decompose very rapidly and the corn crop would suffer from lack of available plant food.

It should always be borne in mind that land well prepared is half hoed, may mean a successful crop.

Municipal Water System for Wentworth Location, N. H.

This little New Hampshire republic is opposite Magalloway Plantation, Me., west of the river of the same name and contains a population (1900) of 58 and for governor 1904, cast 10 votes and has a total valuation of $81,998.00, consisting principally of wild land of non-resident ownership. We are told there are seven families and a small steam mill that require the use of water.

At a legally called town meeting they voted to put in a public water system and lay an assessment on the property owners for the same. Twelve thousand dollars was raised. Two thousand of which is to be paid by the resident owners and the balance by the non-resident wild land owners.

Of course the latter class put up a big kick and used divers and sundry legal means to prevent it but to no avail and the public water system has been installed this season and now the residents of this Little Republic have fire protection, a lower insurance rate and an abundance of pure water coming from the mountain back of the valley of seven houses and a mill.

These thrifty people put in the system and got the pay for so doing, but have it to care for and maintain for all future time at whatever water rental they see fit to adopt, knowing the cost to them will be one dollar to the wild land owners five dollars.

If you have egg yolks to keep, put them in a glass, unbroken, and cover them with cold water. This will keep them soft. If necessary to keep two days, renew the water the second day. Pour off carfully before using.

Greenleaf's Birthday Dinner.

It was Elgin's 62nd and occurred at Sugar Island on the 18th and the bill of fare was a long one and all the vegetables and there were many, were taken from the garden two hours before cooking. There were beets, lettuce, shell beans, parsnips, turnips, radishes, carrots as well as endives.

The fish was caught from the wharf and the deer killed "in my back yard."

The finest of October weather prevails at Sugar Island and the scenery is magnificient. The deer are many and the hunting is good.

Mr. Greenleaf did not say when he would close the camp, but we presume the last of this month.

An Arrest Made in the Preece Murder Case.

County Attorney, Albert Belliveau of Rumford, applied for extradiction papers at Augusta, Monday after receiving notice from Boston for Patrick J. Harrington, and with deputies Everett Bessey and Arthur Landry went to Boston Tuesday.

It is claimed that Harrington is the man who joined Preece at Milo and registered there at the hotel and he is supposed to be the man that spent the night of the murder at the Andrews' hotel and was the last man known to have been with him. The party at the hotel left the picture of Preece and another in his room, and these with the handwriting in the register at Milo have aided in the arrest.

Work on the case has continued and Boston detectives have been on the job.

The man arrested in Boston will be brought to Norway and a hearing held at the Municipal court room.

Oxford Term of Court.

(Continued from Page 1.)

Cohen for the defense denied selling the beer to Bunker, and the defense spent its efforts largely in discrediting the testimony of Bunker. It was shown that at the hearing in the Rumford court Bunker testified that he bought the beer of Cohen at 9:15 A. M., which was some hours before he arrived in Rumford, and that while he afterward changed his testimony to make the hour 9:15 P. M., he did not make that change until in a later trial it was shown that he was not in town in the forenoon of June 5th.

In the course of the close cross-examination of Bunker by the defence as to his movements, a very full directory of the suspected rumsellers of Rumford was secured and a number of names were heard which are quite familiar on the court records.

The jury was out about half an hour before returning a verdict of not guilty. A nuisance indictment against Cohen was not prossed.

Charles Howard of Peru was tried on an indictment charging a single sale of liquor at a date in June, 1914. County Attorney Beliveau for state; Blanchard for Howard. Howard is a ferryman at the Peru Center ferry. The case was short. The only witness for the state was a young man from Dixfield, who testified that he bought a pint of whiskey of Howard one night when there was a dance at Peru. Howard denied selling the whiskey, and said that the young man brought two bottles of home-made beer with him, and left them near the ferry. The jury was out a short time before returning a verdict of not guilty.

George W. Shattuck, who had pleaded not guilty to an indictment for assault, was placed on trial, but it was discovered that owing to a misunderstanding, he was without counsel, and when counsel were found and had conferred with him, he retracted his plea and pleaded guilty. He was sentenced by Judge Hanson to thirty days in jail, to date from October 7, the day of the assault.

Chester Williams retracted his plea of not guilty to the charge of breaking and entering and pleaded guilty.

James Caliendo, of Mexico was in court to answer to an indictment for maintaining a liquor nuisance at his place on Mexico Avenue in Mexico. He was defended by Mr. Hutchins. The state's case is based on the work of a "spotter" from the sherman Detective Agency, a Polish witness who speaks very good English. He was in Rumford for a while in September of this year, and testified to going over to Caliendo's place with other men and buying beer on the evening of Saturday, September 11, and again on the evening of Sunday, September 12. His testimony was contradicted on some points by some of those who went with him in the public auto Saturday evening, and was contradicted entirely by Caliendo, who said that the Pole was not at his place on the Saturday evening named, and that on Sunday he came there and wanted beer but was refused.

The case of Elery C. Frost vs. James H. Kerr of Rumford, with A. E. Stearns of Rumford counsel for the plaintiff. Mr. Parker of Bethel is counsel for defendent. E. C. Kerr, contractor, as superintendent of the sewer district in Norway, the agreement being as he testified to receive $4 per day and as the work progressed to receive amount according to the value of his work. As superintendent his wages should be more than the foremen's which was four dollars per day. Other witnesses called were W. A. Lewis of Norway, an employee on the Norway sewer job; Charles W. Bowker one of the selectmen of Paris and superintendent of the Water Co.; Stuart Goodwin, assessor of the village corporation and Eugene Libby, deputy sheriff of Norway, all testifying to the position held by the plaintiff and the efficient manner of filling same. Several of the employees of the Norway Sewer construction were called to the stand. W. F. Bicknell of Norway was also called. Mr. Frost was again called to the stand, after which the case was presented to the jury.

KEZAR FALLS.

Cain-Sawyer.

A marriage of interest to many took place at high noon, Wednesday when Ethelynde Sawyer, daughter of Mrs. Lucy Roberts Sawyer of Parsonsfield and Llewellyn B. Cain, the well-known choral leader and music instructor of Portland, were united in marriage, the ceremony taking place at the bungalow of Allen Garner at Garner's Island on the Ossipee river. Rev. Stephen P. Livingston of Bridgton, assisted by Rev. Mr. Hughes of Kezar Falls, performed the ceremony in the presence of the families and a few friends.

The interior of the bungalow which was resplendent with autumn decorations formed a charming setting for the bride and the bride attired in her white satin gown was a picture fair to look upon. She carried a bouquet of bridal roses. Serving as maid of honor was Flora Garner of Kezar Falls who wore pale blue silk combined with lace and carried white chrysanthemums. Acted panving the bridegroom as best man was William T. Norton of Kezar Falls.

Following the impressive ceremony a reception was held at the Garner residence at Kezar Falls where Mr. Cain and his bride received large numbers of their friends. At the close of the reception Mr. and Mrs. Cain left for a honeymoon trip and upon their return they will reside on Fleetwood street in Portland, where they will be at home to their friends after December the first.

The bride's traveling costume was of brown broadcloth combined with seal and was worn with a velvet hat of the same color trimmed with roses. The bride has been for the past two years a member of the Saco Valley Chorus and is most popular in the musical and social circles in which she moves. Mr. Cain is a musician of prominence one of his most notable achievements having been the establishment of the Saco Valley Festival which has experienced three annual successes at Bridgton since its beginning in 1912.

PROMINENT LAST MANUFACTURER.

Comprehension Sketch of the Late Charles F. Partridge of Rochester, N. Y.

Charles F. Partridge of Rochester, N. Y., one of the most prominent and widely influential last manufacturers in the country, died at Clifton Springs, N. Y., August 20, 1915, after an illness of several weeks, culminating in a paralytic attack. The announcement of Mr. Partridge's death at the comparatively ealy age of 57 years, is occasion for deep regret throughout the shoe trade, in which he had played an unusually active, successful and honorable part.

Mr. Partridge was born at Norway Lake, Oxford County, Maine, September 25, 1858. In 1880 he was married to Miss Josephine M. Marden, who survives. At the time of his death, Mr. Partridge was president of and actively engaged in the management of the following last production concerns: Empire Last Works, Rochester, N. Y.; Fitz Bros. Co., Auburn, Me.; Fitz-Empire Double Pivot Last Co., Auburn, Me.; Maine Last Block Co., Harvey's Siding, Me.; Sturgis-Jones Last Co., Brockton, Mass., and John Pell & Son, Inc., Newark, N. J.

Early in life, he learned the trade of a shoemaker, in which he became expert and in which he was employed at different places in New England until the year 1887. From 1887 to 1892 he was sales-agent of the Morley Button Company, with headquarters at Rochester. In February, 1892, he entered the employ as salesman of the late Henry Loewer, owner of the Rochester Last, Die & Pattern Works, with whom he remained until the latter's death in 1903.

In September of 1903, Mr. Partridge, with George G. Schelter and John C. Schelter, previous employees of Mr. Loewer, rented the loft of the Bridgeford Building on State street in the city of Rochester, an engaged in the last business under the title of "Empire Last Works". With these gentlmen, the late Johnson I. Robbins and George H. Harris very shortly after became associated in a financial way and later, as the business developed, in an active capacity.

In 1905 the Empire Last Works entered into a business alliance with the Fitz Brothers Company, of Auburn, Me., which resulted in the organization of the Fitz-Empire Double Pivot Last Company, a holding company for all of the patents owned by the respective companies in which Mr. Partridge was then interested and which also had for one of its objects the manufacture of such patented machinery for making lasts. Rapid growth forced the company to remove three times, from plant to plant. It now occupies its present quarters on Palmer street, in that city.

To the growth and development of this industry, Mr. Partridge contributed his part and more. As an expert shoemaker, he knew the needs of the customers of the business. While largely active in the executive and sales management of the different lines of business so developed, he nevertheless offered many valuable suggestions to those engaged in the work of invention and contributed valuable inventions of his own.

Mr. Partridge was ever thoughtful of and considerate to others. In all of the years of their business relation, his associates, customers, or others, with whom he came in contact in a business or social way, never knew him to be guilty of a mean or selfish act. He was so busy so quiet and so modest a man that very few, even of his most intimate friends, have known or realized his great influence in the shoe trade or the truly remarkable results of his efforts in that particular branch of the industry in which he was engaged.—Superintendent and Foreman.

Mrs. Persis Ripley Bradbury.

Mrs. Persis R. Bradbury died Wednesday, October 13, of senility, at the home of her daughter, Mrs. Nina I. Pike of Norway, aged 80 years, 4 months and 10 days.

She was born in Buckfield, June 3, 1835, the daughter of Volentine and Levina Ellis Ripley. She married Henry A. M. Bradbury, February 3, 1855 at Norway. They have four children, Dr. E. A. Bradbury, G. Hahnemann Bradbury, Evyline Bradbury, Henry V. Bradbury, Marion P. Bradbury, Charles H. Pike, Hugh P. Pike, Azola Pike and Esther Pike of Norway.

Mrs. Bradbury lived in Buckfield three years, her early married life at the Norway home farm, ten years at Lynn, Mass., and the last twenty years at her daughter's, Mrs. Nina I. Pike's, Norway. At one time she worked as a seamstress for Lewis O'Brine at Norway.

Stag Supper.

The men of the Congregational church held a stag supper at the dining hall at the church, Friday evening. There were about 70 men present who did ample justice to the fine supper provided which included hot mashed potato, cold meats, salads, hot rolls, hot coffee, doughnuts, and tarts.

After the supper, Rev. R. J. Bruce made a few brief remarks and spoke of the vital need of the church in regard to male attendance and suggested that a men's Forum be formed which would meet during the Sunday school hour in the small vestry. He spoke of the need of such a class and its importance and benefit to the young men of the community. As a special work he suggested that the unused part of the lower vestry should be finished off with a room for games and one for a reading room and be opened certain evenings each week under proper management. The remainder of the evening was spent in a social way.

At the first meeting of the Forum twenty-one were present and the class was organized.

At the recent Rally Day exercises at the Congregational Sunday School there was an attendance of 193. On last Sunday the number present was 151.

The men of the church have organized a man's class called the "Men's Forum" with about thirty names in the roster. The class meets in the small vestry at the Sunday School hour, 12 o'clock Sunday noon. Every man not in Sunday school who has the interest of the community at heart should be in this class.

The supper served to the men of the church on Friday last was a huge success. There were seventy-five men present. Already there are plans under way for a similar event in the mid-winter.

On this coming Sunday morning, October 24th, 1915, the pastor, the Rev. Robert J. Bruce will preach the fourth of the sermons from the twelfth chapter of Mark upon the theme, "How Far from the Kindom?" You are invited to be in the congregation.

A False Alarm.

Monday afternoon about 5:15 the fire alarm was rung in from box 62. It seems that from Main street in looking toward Capt. W. W. Whitmarsh's residence on Bridge street it looked as if their kitchen was all a blaze. Certain parties telephoned to John Cullinan, the chief of the fire department, who had the alarm sounded. On arriving at the scene the residents of the house were much surprised when asked about the fire. A small bonfire about the size of a bushel basket between F. P. Stone's and A. J. Richardson's, was the cause of all the excitement.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind. — "My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine.

"I hope other suffering women will try your Compound. I will recommend it to all I know." — Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter wil be opened, read and answered by a woman and held in strict confidence.

FERNALD HAS FINE FARM.

Ex-Govenor Has Model Place at West Poland; Is Interested in Breeding of Holsteins.

One of the neatest kept farms in the state is that of ex-Gov. B. M. Fernald of West Poland, who with his son, J. H. Fernald is interested in raising pure bred Holstein cattle and sweet corn. About 40 head of the black and white cattle are now on the place which include two fine bred bulls of the De Kol strain. Great pains have been taken by the Fernalds in selecting the strain they wished to breed and several of the animals were purchased in Syracuse, N. Y., including four cows. The sire has been changed as frequently as has been deemed wise and every animal raised has been one of merit. Within a year three animals have been sold which brought $900, which goes without saying that the strain being raised at this farm is among the best.

Not only is the herd here an attractive one, but also the barns in which they are housed, being painted white inside as well as out. The linters have been painted throughout in white and the walls on each side of the barn floor and the harness lockers and granary the same. A cement silo has a capacity of 125 tons and the system of filling it is one well worth knowing by all dairy men. As is well known the ex-govenor is a packer of sweet corn and one of the Fernald, Keene & True factories is located in the village at West Poland.

From this factory after the patrons who haul corn to it have taken away all the cobs they wish, Mr. Fernald fills his silo with them, putting them in with other fodder. An engine, one among the four on the place, installed in the barn cellar grinds them up into a fine pulp and several hundred tons of them are utilized in this way. The system of putting it in is very simple and well arranged. The loaded team drives into the barn and tips up the cart, the cobs going down into the basement through a trap floor. Here they are ground up and a blower beside the wall carries them up over the great beams into the silo. "It makes the very best of ensilage," said the Ex-Govenor and the farmers in general should avail themselves more of the opportunity this gives them of getting nice ensilage for nothing as they are entitled to it when they haul corn to the factory.

Many acres of sweet corn have been planted here, the acreage varying from year to year somewhat according to the amount the patrons in that vicinity plant. Some seasons, as high as 15 have been planted on the Fernald farm. "With an average season I think sweet corn a good crop for the farmers in some sections of our State, when one considers the price all of the factories are paying at the present time. Certainly the man who has light soil can do well as it matures in a little over three months and there is no doubt but what a silo is an essential thing for a man on a farm today and the fodder off from several acres of sweet corn is a valuable asset in growing it. Androscoggin and Oxford counties are particularly adapted for it."

Threee men are kept about the place which has a cordial air about it that impresses the visitor as soon as he arrives, every department being well organized and carried along smoothly. Picturesquely located the home of his ancesters is being well kept up and here the genial Ex-govenor enjoys himself when time permits, among his herds and fields of crops.

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how follish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

Noyes Drug Store has sold a great many Hyomei outfits and the more they sell, the more convinced they are that he are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve. 42-43

LAWYERS HELPING Men Who Drink

There is no profession that knows more about the "wrecks" of men, business and property caused by the use of Drink or Drugs—none that are taking a more active interest in helping to rescue drunkards and preventing high class men from becoming drunkards by the modern "Neal Way" than the judges and lawyers of the Country. Ask your lawyer's advice.

Any man or woman who is skeptical about the Neal Treatment eliminating the poisons from the system, creating a loathing for liquor or drugs, and in a few days restoring the appetite for food, natural sleep and NORMAL mental and physical condition is urged to ask for private references to hundreds of leading judges and lawyers in Chicago and other cities who personally know that it does.

WEST PARIS.

A Variety Shower.

The friends and neighbors of Lilla E. Young gave her a variety shower last Thursday afternoon in honor of her approaching marriage. There were 55 present, but they waited in vain for Miss Young.

She went to Lewiston in the morning intending to return by noon but on the way back near Hebron the tire blew out and took several hours to repair it so that she did not get back in season to receive her guests. Nevertheless her mother entertained them the best she could under the circumstances and gave them a nice treat of ice cream, saltines and candy.

To show her appreciation and regret, Miss Young refrained from opening her many gifts and the next morning made personal calls on each of her guests and invited them to call again that afternoon to see her and her gifts and 35 responded and enjoyed a nice social hour. She had a nice lot of gifts, mostly linen, some china and glass ware and only a few kitchen utensils.

She was a graduate of Paris High school, 1911, and there were twelve in the class. Out of the class there are seven married and four children have resulted from these marriages. Three from this class came here from South Paris to be present at the shower on Thursday. Miss Young has the best wishes of her many friends.

Died in Florida.

Mrs. Mary Anna Kinsley Tubbs, wife of Albion L. Tubbs, who died at her late home in Seffner, Florida, October 12, was brought to South Paris where the funeral services were held on Saturday, October 16, in Deering Memorial church and interment in Riverside cemetery.

Mrs. Tubbs was born in 1844 in Woodstock and was the daughter of Welcome and Lucy Hathaway Kinsley. When quite young her parents moved onto a farm in Greenwood about a mile and a half from West Paris, where she spent the greater part of her life and the farm has ever been known as the Kinsley farm. Mrs. Tubbs was an excellent woman with a refined and retiring character and very received hospitality at her hand, among them is Rev. Danno Johnson of the Baptist church, West Acton, Vt.

About eight years ago they sold the farm and moved to South Paris, where Mr. Tubbs was in trade in a general grocery store. Last fall he sold out and with other members of the Tubbs family moved to Florida.

Mrs. Tubbs was never a very strong woman and for the past year has been of illness and suffering and although every thing was done that human skill affords hoping that she might regain strength to return to her native state, it was of no avail.

Besides her husband she leaves no nearer relatives than cousins, some of whom are the sons and daughters of Ex-Govenor Perham. Mrs. Tubbs will be missed by a large circle of close friends.

Young-McAllister.

At the home of the bride's parents, Mr. and Mrs. George Young, their daughter, Lilla Bell was united in marriage to Howard D. McAllister of North Pars at high noon Wednesday, October 20, by Rev. C. H. Young.

Mr. McAllister is a well-known business man, upright and prosperous. He has been in trade at North Paris eight or ten years and before that was in the laundry business at South Paris for seven or eight years. Mrs. McAllister is a native of West Paris going to South Paris to finish her high school course and graduated in the class of 1911. She then spent a year at Farmington Normal school since which she has been teaching in the public schools of Paris and Norway and been successful as a teacher and liked by every one.

Her wedding gown was becomingly made of white crepe-de-ehene trimmed with pink rose buds and allover lace. And her traveling suit was of dark blue poplin. The grooms suit was of dark blue serge. They have gone to New York, New Jersey and Massachusetts for a wedding trip of a week or more.

A general invitation is extended to all to attend a reception at their home at North Paris, Friday, October 29th, at eight o'clock.

Mr. and Mrs. McAllister has been building a new house on a modern plan and equipment during the summer which they will occupy as their home.

R. T. Flavin, C. L. Ridlon, F. P. McKenney, F. R. Penley and R. E. Shaw attended the National Series base ball games. Mike Carbine also went and was away two weeks visiting relatives.

Mrs. Ann Rowell accompanied by Mrs. W. D. Dunham and Dr. F. H. Packard, went to the C. M. G. hospital last Thursday, where she was operated on for an external tumor on her thigh. Mrs. Dunham remained with her until Saturday afternoon.

Hollis Doughty and family, Mrs. F. H. Hill and Mrs. E. J. Mann attended the funeral of George Doughty at Norway Lake last Wednesday.

Following is the poem written for the Golden Wedding anniversary of Mr. and Mrs. Freeman L. Wyman by Mrs. Georgia Bisbee of the Franklin Grange at Bryant's Pond and read by Mrs. Annie Davis, October 8:

Fifty years ago, they tell me
You were united man and wife,
Started out to earn a living
In this world of joy and strife.

When the Civil war was raging
And the call for men had come
You bravely left your home
Your duty to perform.

Your life was spared in battle,
You returned home free from harm,
Then you took your wife
And settled on this farm.

All these years you've labored faithfully,
Working together, united as one
Sharing together the joys and sorrows,
That in every one's life will come.

Fifty years you've lived together
In this home so dear to you;
Every nook and spot is sacred,
Filled with memories fond and true.

You have labored late and early,
You have studied, you have planned;
Now you're reaping the reward,
Of your labors rightly planned.

Your farm is doubly bountiful,
For besides providing for you
It supplies food and luxuries,
To many other homes too.

And the good wife with her talents,
Willing hands and generous heart,
In the toil of life and struggle
Has most surely done her part.

May baskets by the hundreds,
Have been made by her and sold;
Supplying all the towns around,
Giving joy to young and old.

Your friends come today to greet you,
To congratulate you and yours;
For the years that have been spared you,
For the pleasures that are yours.

May the years that are before you,
Be as prosperous as the past;
Till at last you're safely gathered,
In the home of peace and rest.
